

What Does Pathways of Light® Offer You?

Pathways of Light is a spiritually focused, non-profit organization with over 39 years of service to spiritual awakening. Pathways of Light, a church without walls, is dedicated to the recognition of the loving Teacher within and to creating a worldwide network of spiritual professionals who share that recognition.

Pathways of Light offers certification in many courses for spiritual growth with *A Course in Miracles* orientation. You can take these facilitated correspondence courses with your facilitator by phone or in person.

Also serving your growth are the Accessing Inner Wisdom Counseling, Spiritual Relationships Counseling, 8-week Spiritual Awakening and Healing Inner Child programs, a Ministerial Training program leading to ordination and ACIM Practitioner Courses.

Everyone who wants to increase the presence of peace and joy in their lives is invited to join in this shared process of coming back to Love, our true nature.

The Pathways of Light programs create windows in the walls we have built, so we can learn to look within and recognize our Self. Through these windows we see and feel our Inner Light... Pathways of Light doesn't lead to something outside ourselves, but leads to the Light within.

*Bryan has been on the spiritual journey from an early age. He has felt the pull of the Divine to awaken through the study of numerous paths, but none so diligently as he has through *A Course in Miracles* and one of Jeshua's (Jesus') other revelations, *The Way of Mastery*. Bryan plans to continue using his background in Communications, Film, Video Production, multi-media, and art in his ministry. Bryan is a published author and poet, and is a recording artist, singer, songwriter, and writes and records meditations all found on the website bryanrice.org.*

Accessing Inner Wisdom Counseling

There are times when you may need personal attention in a one-on-one setting. The pace needs to be tailored to fit your unique needs. In the Accessing Inner Wisdom Counseling, the focus is on allowing your Inner Wisdom to enrich your spiritual growth and help you heal in a way that is best for you.

Everyone has times when they feel anxious, fearful, tense or angry and cannot seem to break loose from it. You may be experiencing an undesirable habit which seems to control you. Or your mind may be return-

ing again and again to review a scene which upsets or disturbs you. You may be experiencing dis-ease and need insight from Inner Wisdom on how to create things differently.

In times like these, it is helpful to be able to work with an Accessing Inner Wisdom Counselor trained to help you access the highest Wisdom within you. The spiritual counselor can help you gain insight into this situation so you can see it from a higher perspective. This counseling sets the stage for you to take a look at unconscious "thought clusters" which may be behind the discomfort you are experiencing. After this is brought fully into conscious awareness, the spiritual counselor will help you get back in touch with your Inner Peace.

This opens the door to let the knowledge of your Inner Wisdom through to help you see the reality surrounding the fear, tension, anxiety or lack of peace. With the help of your Inner Wisdom, your perception is healed. You are able to see clearly again. You are able to break through the self-created barriers and take an important step in your awakening process.

In the counseling session, you are helped at your own pace to stimulate discovery of your Inner Wisdom in the most loving and accepting way possible. You are guided to tap your inner resources and open your channels of inner communication. As part of this counseling, you will receive an Accessing Inner Wisdom Counseling Sheet. It provides a record of your goal for the counseling session, what thoughts may block achieving your goal, and the insight received from your Inner Guidance. This Wisdom will help you see this area of your life with greater awareness. *The session lasts 1 to 1½ hours.*
